

Microvascular Reviews and Communications

—Submission Check List—

Author(s) should check the manuscript by marking the boxes below. The author's signature to assure compliance to the Instruction to Authors is required.

- The paper has not been submitted for publication or published elsewhere.
- No conflict of interests with respect to the submitted data. If any, describe freely in a separate sheet.
- Human and/or animal studies in the article were approved by Institutional Review Board(s).

English language:

- Manuscript has been corrected by someone fluent in English (If referees find it poorly written, the manuscript will be sent back to the author(s) with a request for a revision of the language by a native speaker. Authors will accept the service charges).

Title page (all in 1 page; along with the title):

- Full names of author(s), affiliation(s).
- Full postal address and e-mail address of author to whom correspondence should be sent.
- Running title (less than 50 characters including spaces)
- Key word (3–5 key words)

Abstract:

- Less than 200 words.

References :

- References are listed in the order cited in the text.
- Format and abbreviations are consistent according to Instruction to Authors.
- Personal communications, unpublished observations, and submitted manuscripts in review are not legitimate references. They are cited in the text as "(personal communications) or (unpublished observations, 19XX)".

Illustrations:

- Nonstandard abbreviations are defined in legends.
- Use the following file format; jpg, gif, tiff (tif)
- It is the authors' responsibility to obtain copyright permissions when they want to cite figures or tables from previously-published materials

Motion Figures:

- Files follow WMV format.
- Representative still images (jpg) from the movie is also uploaded.

Copyright Transfer Statement

When this article is accepted for publication, the copyright to the article is hereby transferred to Microvascular Reviews and Communications. The copyright transfer covers the exclusive rights to reproduce and distribute the article in any form, including reprints, photographic reproductions, electronic database, or any other reproductions of similar nature, and translations. However, the authors retain the right to all proprietary rights other than copyrights, such as patent rights.

To be signed by all authors.
